

## WELCOME

Love life even more!

**A & D Residential Care** provides the best care possible for your elderly loved one while providing them with recreational activities and social engagements to keep them looking forward to another great day. Our services and amenities are designed to create a happy and enjoyable place for the elderly citizens of our community. We want them to spend their days and remind them that we can be children - even if we are in our winter years. Life can be enjoyed with the full innocence that we once had in our childhood years. We recreate a relaxed environment where they can cherish past memories as wonderful new ones are made.

The staff at **A & D Residential Care** helps residents transition into their senior years and will provide their required level of assistance and care. We make it a point to provide our elderly residents with the attention and safety that they should be provided. When staying at **A & D Residential Care**, expect great care:

**Elderly Care Services tailor-fit for your needs.**

Not every resident has the same set of needs. We are able to handle various care requirements and will closely coordinate with a physician to ensure the safety and health of the residents in our care.

**Your comfort is the priority - always.**

Our home is maintained for safety and convenience of mobility. We take care of daily tasks and household chores so you can focus on enjoying your life. We've got it covered!

## WHO WE ARE

**A & D Residential Care** is a trusted provider of senior care for many years. Our home was built from a vision to be a place where growing old becomes an activity that residents can look forward to.

Our home is designed for comfort and relaxation. Each room vibrates of love and a warm welcome from care staff and fellow residents. The dining table becomes a lively setting as residents swap stories about friends, family and tales of yesterday. It's like reliving the best memories - in a home that appreciates each resident for who they are individually.

We appreciate every resident in our care and we give back through helping them appreciate life in their senior years by removing the worry of having to do daily tasks. In short, we pamper them with care and attention. This is how we maintain a positive disposition in our residents as we also work towards maintaining their health.

Every member of our care staff has gone through training in elderly care. We have a steady commitment to provide the highest standard of senior services and dedicated attention to our residents.
